

Quality hose in a more environmentally friendly way

Environmentally friendly and high-quality hose for consumers and professionals. The versatile ToppEco™ is suitable for many different purposes and works excellently as a water hose, for example. ToppEco™ is made of at least 80% high-quality recycled material.

The hose withstands use very well and the longer lifetime of the product supports sustainability with the environment in mind. ToppEco™ offers durability and quality without forgetting the environment.

ToppEco™ Ecological option

- Material:** PVC and polyester
- Structure:** 3-layer hose: inner hose PVC (black), polyester reinforcement, coating PVC (grey)
- Colour:** Surface grey, inner layer black
- Standards:** SFS 5408
